

# Armor Shield

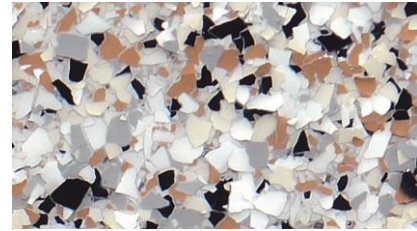

## COLOR CHART – CHIP SYSTEM

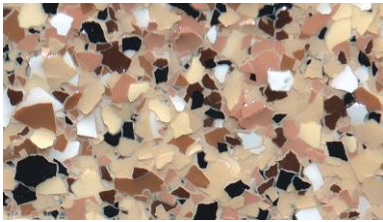

Smoke

Grey Feather

Tumbleweed

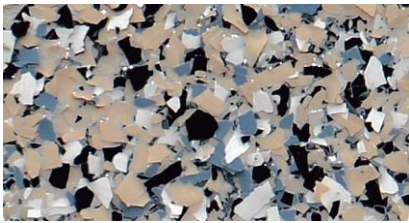

Apache Tan

Santa Fe

Canyon

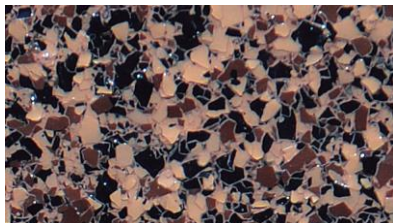

Comanche

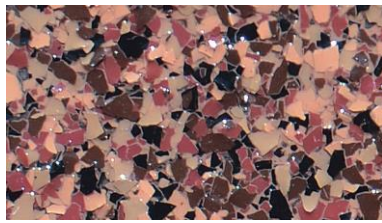

Aztec Sky

Blue Cloud

Buckskin

Red Rock

Aspen

When selecting system color, please consider:

- > Appearance: Light colors tend to show more "shadow" than dark colors.
- > Traffic & Maintenance: Wheel marks and dirt naturally show up more on pale colors than on dark ones.
- > Spillage: What might be most commonly spilled on the floor?

Consult with Armor Shield to determine the degree of chemical resistance you may require prior to selection of the system.

Physical samples are available for viewing.
